## PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with hands-on experience in designing, developing, and deploying scalable and secure web applications. Currently pursuing a Master of Computer Applications (Cyber Security) at Lovely Professional University. Proficient in building responsive frontend interfaces using React.js and developing robust backend systems with Node.js, PHP, RESTful APIs, and optimized databases, with a strong focus on performance, security, and user experience.

## PROFESSIONAL EXPERIENCE

### MERN Stack Developer

July 2025 – December 2025

Elite Web Technologies

MDC Sector 5, Panchkula, Haryana

- Developed and maintained full-stack web applications using MongoDB, Express.js, React.js, Node.js, and PHP, improving overall system efficiency.
- Designed responsive and user-friendly frontend interfaces with React.js, ensuring cross-browser compatibility and optimal performance.
- Built and consumed RESTful APIs to enable seamless communication between frontend, backend, and third-party services.
- Designed and optimized database schemas using MongoDB and MySQL, improving query performance and data reliability.
- Collaborated with cross-functional teams to deliver secure, scalable, and high-performance full-stack solutions.
